I hope you are doing well. I wanted to send you a copy of the attached letter EPA sent to the US Navy regarding the Tetra Tech ECI issue at the Hunters Point Naval Shipyard. EPA is providing recommendations for the Navy's scope of work for the technical evaluation of sampling data and the community involvement effort through this process. Please share this letter with your CAC members and any other interested stakeholders.

If you have any questions about the letter or its two attachments: Summary of Tetra Tech Technical Evaluation and Community Involvement Recommendations, please do not hesitate to call myself at (415) 972-3236 or Lily Lee, EPA project manager, at (415) 947-4187.
